Dear all,

As you may be aware, the CMA will launch the next tranche of Market Information charts on Thursday 27<sup>th</sup> March 2025. Deployment will commence around 10:30am and is expected to last around one hour.

During this time, the Market Information pages on the CMA website will not be available, and only a "Down for Maintenance" message will be displayed. Please note this will only affect the Market Information pages, the remainder of the CMA website will remain operational.

Once the deployment is complete, we will issue confirmation that the deployment has been successful and that Market Information charts are operational.

There are 37 new charts and tables which will be available in 10 new dashboards as highlighted in the diagrams below.

If you have any questions in relation to the deployment, or the new charts, please feel free to reach out to us via the normal enquiries mailbox ([enquiries@cmascotland.co.uk](mailto:enquiries@cmascotland.co.uk)).

Many thanks
